

VIII STD

DEAR PARENTS,

The children have worked hard since the beginning of the new session and deserve a break. To this end, we at The Temple had compiled some activities that your child will find both enjoyable and rewarding. Now the subject assigned activities have been designed to reinforce essential skills learnt at school and to help students establish in the subjects. Home Work also provides the parents an opportunity to participate in their child's education. However, we would like to add a word of caution here- While parental involvement in H.W is important, they need to ensure that their level of involvement is appropriate. When children do require and ask for help, parents can be more effective by helping them find answers for themselves rather than by actually providing the answers. We suggest that you help your children by discussing/ explaining the task and in helping them stay focused while completing the assignment.

HOLIDAY HOMEWORK

CLASS – VIII

SUB: ENGLISH

Read the English newspaper everyday. Collect articles related to education & National news. Make a collage of the same on an A4 size sheet and file it.

மொழி: தமிழ்

அ. நூலகம் பற்றிய செதிகளை தொகுத்து ஒரு பக்க அளவில்

எழுதி வரவும்.

SUB: COMPUTER.

Create an HTML program using the following tags. Type it in notepad and save it in your name. Bring it in a pendrive on reopen day.

1.
2.

3. <P>
4.
5. <I>
6. <ALIGN>

SUB: MATHS

Do the following:

1. Fraction are written in the form of ____ and _____.
2. Name the types of fraction and give an example.
3. Add $\frac{6}{8} + 4(\frac{1}{8})$
4. Subtract $3(\frac{9}{12}) - 4(\frac{9}{5})$
5. Reciprocal of $9(\frac{8}{12})$ is _____.
6. Simplify $\frac{4}{7} - \frac{3}{9} + \frac{2}{6}$.
7. Multiply $7(\frac{5}{3})$ by 8.
8. Find the product of $3(\frac{1}{6}) \times 5(\frac{8}{10}) \times \frac{9}{12}$.
9. Simplify $\frac{2}{3} - (\frac{5}{9} \times \frac{1}{10}) + \frac{9}{18}$
10. Divide $(9 \div 2(\frac{1}{6})) + (\frac{4}{8} \times \frac{8}{16})$.

SUB: SCIENCE

Find the answers:
